

**CAREER OPPORTUNITIES IN IT SECTOR  
INTERACTION WITH  
MR.SOMA SEKHAR PROJECT MANAGER TATA CONSULTANCE SERVICES, BANGALORE**

**Date : 30-05-2022**

**Time : 11:30 Am To 01:00 Pm**

Quality of graduates is mostly measured by the employability and extent of contribution to the organizations, community and national development. All types of jobs are not necessarily suitable for all students. Career counseling plays a very critical role to get the right job opportunities and selecting suitable career path.

As a part of improving employability of graduates Internal Quality Assurance cell of Nagarjuna Degree College for Women, Kadapa arranged an interactive session with Mr.Soma Sekhar Project Manager, Tata Consultancy Services Bangalore on career opportunities in IT Sector. All the students from B.Sc and B.Com backgrounds are involved in the programme.

Mr.Soma Sekhar interacted with the students and thought them the skills required for jobs in IT sector. The main focus is laid on importance of communication skills, soft skills, programming skills in jobs. Also explained entire selection process in an interview and how to answer questions in interviews.

It is required to keep in mind that education is all about to gain a set of skills. Such skills will make the graduates competent to face the reality of life, to develop the attitude of lifelong learning. As such, teaching learning should not be confined within the class room only. Classroom learning is not enough to develop the desired skills. IQAC helps to prepare comprehensive skill development plan incorporating the curricular, co-curricular and extra-curricular activities.
